Principal's Report

Dear Parents

Behaviour

This week we have been helping the students to understand TREAT OTHERS THE WAY YOU WOULD LIKE THEM TO TREAT YOU. Known to some as the "golden rule," this is one of the most well-known principles of Christian Living. The Golden Rule is based on the principle’s Jesus taught in Matthew 7:12. "Therefore, whatever you want men to do to you, do also to them." The significance of Jesus Christ’s statement here is huge. What we call the Golden Rule is the summation of God’s entire way of life.

Jesus’ way is all about how to live the best possible life—and the Golden Rule provides us with the bare-bones version when it says, "Whatever you want men to do to you, do also to them." It is the essence behind the last six of the Ten Commandments that show us how to truly love our neighbour as ourselves.

Please ask your children how they would you like others to treat them?

Welcome New Students

This term we warmly welcome and UNITE with two new families to St Flannan’s. Patrick Yr 4 and Adelino Yr 5 have settled in and are quickly finding their feet in our wonderful school. Enrolments for Prep 2014 are currently being taken. If you, or other families you know, are yet to complete an enrolment form please do so as soon as possible.

Thank You Helpers

I would like to RECOGNISE and say a big thank you to a group of parent helpers who enabled the removal of the rubber soft-fall from under the Prep playground equipment. These wonderful parents were Geoff Fidler, Gavin Poore, Jason Hale, Kylie Baldwin and Steve Hopsick (Kylie’s father) who provided a bobcat to make the job so much easier. It is great to see parents who are so proud of our school. Thank you for three hours of sweat and fun! The playground is in the process of being renewed due to faults in the rubber soft-fall. Costs and options are currently being considered.

Flarana Fair

May 11 is fast approaching! Flarana Fair is a great opportunity for the school to come together and UNITE for a celebration of everything that is great in our community. Classes are busily getting ready for their performance and are preparing some extremely interesting Auction items. I am sure that there will be some fierce competition to be the highest bidder. Please see the body of this newsletter for further details and information regarding Flarana Fair.

Mother’s Day

After a fun day at the Fair it is only appropriate that we NUPTURE, celebrate and honor mothers and motherhood. Dads, this is a great time for us to show our mums and wives how grateful we are for the incredible job they do. Thank you mums!

The Mother’s Day Stall will be held on Wednesday 8th May 2013. Prices will range from $2.00 to $10.00.

Earn and Learn

I ENCOURAGE you to not forget to pick up your Earn & Learn Stickers when you are shopping at Woolworths. The Sticker Books can also be obtained from Woolworths; however, if they do not have any please just bring your stickers to school. Please encourage family and friends to help us as well. More stickers means more rewards for St Flannan’s. Thank you.

Curriculum Outlines

Parents, if you wish to find out what is happening in Term 2 for your child’s class, please access the Website and click on the Learning tab and choose your child’s year level. These will also be sent home by the end of this week.

New Report Card

This semester students will receive their report card in a new format. Much of the information will remain the same as in previous years but the layout will be very new. A Report Card EMPOWERS parents and students with a summary of learning throughout the semester. There will be room for comments and feedback that will focus on learning and progress that has occurred along with recommendations and goals for the future. Students will receive an Achievement level for each Key Learning Area. The achievement levels are structured around a 5 point scale that relates to the level of knowledge, skills and understanding of core content in each subject area. The scale will include Well Above the Expected Level, Above, At, Below and Well Below the Expected Level. A child who receives At the Expected Level is demonstrating the expected level of knowledge, skills and understanding as measured against the Australian Curriculum. This means that the child is progressing and learning at a suitable rate for that year level. We should be proud of all achievements as producing their BEST is all that we can ask of our children.
Get Everyone onto the Newsletter

If you know of parents who do not read the newsletter I ENCOURAGE you to please pass on the importance of receiving essential communication, information and dates that enables parents to understand and value the hard work that is done by all of our staff and students.

May you treat others the way you would like them to treat you this week.

Regards
Paul Mitchell | Principal

APRE Report

MAY – THE MONTH OF MARY

May is Mary’s Month: The Catholic practice of assigning a special devotion to each month goes back to the early 16th Century. Origins of the devotion extend to pre-Christian Celtic festivals celebrating the return of summer. The ancient ritual of crowning the May Queen seems to have prompted the church to substitute the crowning of the May Queen Mary instead of crowning a village maiden Mary Queen (Treston 1989). The best known of these devotions is probably the dedication of the month of May to the Blessed Virgin Mary. The Blessed Virgin Mary is the Mother of the Church and therefore the example, as well as the guide and inspiration, of everyone who, in and through the Church, seeks to be a follower of Christ. In addition May is also linked to Joseph the Worker. The devotion began in the 19th century to combat the perceived threat from socialism and communism. May is also a time when the working class demonstrate their solidarity to each other (Treston 1989).

INSPIRING LEADERSHIP

The photo below of Pope Francis is a particularly inspirational one for us. It shows the Chapel in the building where the Pope lives and Pope Francis is at the back of the congregation at daily mass. This one image conveys a very powerful insight to his leadership.

CELEBRATING THE SACRAMENTS

The sacraments of Confirmation and Eucharist will be celebrated this year on the weekend of 15th/16th June.

Can I remind you of the following important dates about information evenings and enrolment into the program.

 Should you require any further information about the sacramental program, please feel free to contact either myself at school, or the parish office to speak with Fr John directly.

MOTHER’S DAY

ANZAC DAY

Last week we celebrated a moving service in memory of ANZAC Day, led by Year 2E and Mrs Wilkins. We were blessed with Mrs Margaret Huntley, President of the ExService Woman’s RSL telling us a story of sacrifice and the true meaning of ANZAC Day, along with Fr John, who reminded us about the importance of remembrance. Remembering the fallen soldiers and those soldiers who are still serving for us today to keep our nation safe. It was also wonderful to see parents join us for the service and a cup of tea with an ANZAC biscuits afterwards. A very big congratulations to Year 2E for leading us in such a beautiful prayer service.
I am sure many of us paid our own respects on Thursday attending dawn services and marches throughout our Brisbane Streets. I was lucky enough to run into some St Flannan’s students down at the Sandgate Service representing their Scout’s Group from Boondall. Well done!

Curriculum

NAPLAN TESTING

During the second week of May, all Australian Children in Years 3, 5, 7 & 9 will take part in the National Assessment Program – Literacy and Numeracy (NAPLAN). Often sometimes just the thought of a test can cause some anxiety for children, whilst others just take it in their stride as a normal part of the school environment.

Dr Michael Grose, who is one of Australia’s top child psychologists, has some great tips on his blog that can assist your child in preparation for the testing.

1. Take your cues from your child: If your child is not worried, then neither should you be. Be careful not to create a problem that just doesn’t exist by incessantly talking about, or worrying about the test.

2. Focus on doing their best and trying hard: choose your words carefully when you speak with your kids. As with all their learning activities, place your focus squarely on effort rather than results. The only pressure on kids should be to try harder rather than to do well.

3. Listen to any concerns they have: if your child confesses to some nerves then validate their feelings, rather than shut them down. Never use a get over it response. It is better to talk about how “yes, tests are hard and can be a little scary, but they get easier every time you take them” Build on their resilience.

4. Give them some relaxation ideas: anxious or nervous kids will benefit from some simple relaxation strategies. Take some deep breaths, changing their thinking and exercising in the morning are some simple ways kids get to feel in control.

5. Help them retain their perspective: one way to help children to become excessively anxious about an event is to ask “what’s the worse thing that than can happen?” Okay, they may not do as well as they would like, but the sun will still come out tomorrow. Keeping perspective is a life skill that we all need to practice.

LOTE

What’s happening in Japanese lessons this year?

SP classes are exploring Japan through the Pic Collage App.

After Sensei’s trip to Japan, we have been going on our own virtual tour of Japan. 日本 的 旅行 using the correct language to catch a Bullet train or typing in Japanese script to describe our visit to popular sites throughout Tokyo, Kyoto and Hiroshima. Then we used that language to describe places in Hiroshima using the pic collage iPad app.
Typing in Japanese is made much easier on the iPad. We can change the font with the flick of a switch. But we have to be careful to type the correct key. Typos and spelling mistakes are the same in any language. Students then placed themselves in the scene, completing their virtual tour of Japan.

While students in Year 4 and 5 have been learning all about the seasons きせつ. As Japan is in the northern hemisphere, the seasons are opposite to Australia. It is spring in Japan now, with the beautiful cherry blossoms blooming. The school year begins now. The seasons vest has provided a fun way to learn and remember this language.
solid materials and posed some interesting questions such as "Is fire a gas?" and "Can all solids change into liquids?"

3 E Ms Hill Year 3 E have been discovering the properties of solids, liquids and gases. We’ve done lots of art and drama activities to help us learn. We’ve also learnt about the ANZACS and created a prayer reflection.

4 A Miss Cheyne We are learning about place value in Maths. We looked at the ANZACS and remembered the ANZACS at APA’s class mass.

4 E Miss Rogers We are researching life in Colonial Australia, practising for NAPLAN, learning about the sun and the gifts of the Holy Spirit.

5 A Mrs Humphrys We are learning about Qin Shi Huang the first Emperor of China.

SP A Mrs Graham Science, drawing, and strategy games. In history, we have been learning about Qin Shi Huang.

SP E Mrs McArdle In history we have been doing Qin Shi Huang and have been making cards for Florana fair. In maths we have been learning about different angles.

Students discuss global concerns

ABOUT Bill from 6 and 7 students gathered at Flarana’s School Oval, for a GetOutandLive differently day. The students, from eight BC primary schools and Hodge Podge Hodge, worked together to discuss and discuss global issues including poverty, justice, peace, hunger, rights, aid and sustainable development.

The joint leadership day offered students ways to demonstrate leadership in their schools and communities and to relate action for social change. Third year teacher said it was a great day for students to become more aware of the issues and what we can do as individuals, and as part of a community, to help others.

She said it was a positive experience for everybody involved. “We had great reports from the teachers that everything went really well and that it was really enthusiastic and happy with the way the students were interacting and responding to all the information they were being given,” she said.

“We hope they keep this with an awareness of the global issues that we can help and through the Caritas community we can extend that support to the global issues.”

Julie Needham, a Year 7 student at St Joseph’s School, Clifton, said she had never heard how important it was before and how you can always make a difference in the world and you have others.

Woolworths Earn and Learn program

The Woolworths Earn and Learn program has stated and goes until 9th June 2013. You can collect stickers every time you shop at Woolworths. Simply collect the stickers and place it on your card and send it into the school office. Last year we were able to get thousands of dollars of resources for teachers and student to use thanks to everyone just doing their weekly shop and collecting stickers. Last year we collected 75 170 points let’s see if we can beat that! Ask everyone you know to start collecting!

Thanks for your support and happy collecting!

Information for Parents re Gonski School Funding for inclusion in school newsletters

The media has reported extensively the negotiations that continue between the Federal and State governments and with the Catholic and Independent sectors regarding future school funding. The Gonski funding model remains under negotiation, however the following statement from the Queensland Catholic Education Commission provides an update of the progress being made and as further information comes to hand, we will pass this onto parents.

Outcomes of Gonski still unclear for Queensland Catholic Schools QCEC Executive Director Mike Byrne said:

“While the QCEC welcomes the Federal government’s commitment of an additional $1.4 billion funding for Australian Catholic schools (indexed over six years), there are still a number of unknowns to be worked through before we can develop a definitive position on the Gonski funding model.

“QCEC continues to do detailed modelling work to validate the figures provided by the Department (DEEWR) and assess the impact for the Queensland Catholic sector share of the additional funds.

“The funding position of Catholic schools comparative to other schooling sectors is also critical to assessing the model, and we are not yet aware of the details of modelling carried out by the Independent and Government schooling sectors.

“In this respect, I commend Premier Campbell Newman for forming a group comprising the Catholic, State and Independent schooling sectors and senior government officials, that will review the proposed funding model and help inform the State Government prior to the 30 June decision deadline.

“The final outcome that the Gonski model would deliver for Catholic schools in Queensland is also dependant on a significant injection of funding from the State Government.

“QCEC is committed to ongoing negotiations with both State and Federal governments to achieve an equitable funding outcome for Catholic schools.
